## Non-discriminatory Policy

- ✓ The policies and procedures for the operation of certification activities are non-discriminatory.
- ✓ Procedures are not used to impede or inhibit access by applicants.
- ✓ Mastercert make its services accessible to all applicants whose activities fall within the scope of its operations.
- ✓ Access to the certification process is not conditional upon the size of the applicant or membership of any association or group, nor the certification is conditional upon the number of certifications already issued.
- ✓ There are no undue financial or other conditions. However, Mastercert can choose to decline an application from an applicant, when fundamental or demonstrated reasons exist, such as them participating in illegal activities, having a history of repeated non-compliances with certification/product requirements, or other similar related issues.
- ✓ Mastercert confines its requirements of certification to those matters specifically related to the scope of certification.
